

W.I.P.U.L.

(Pronounced “whipple” as the name of a lunar impact crater—utilize this mental picture when thinking of a “depression” in language skills that may not be indicative of a true language delay or disorder, since an impact crater is a depression on the surface of a solid body formed by impact of a smaller body with the surface.)

Words—Use of Words More Than Gestures

Intent—Communicative Intent or Desire to Communicate Present
